OUR VISITORS

Third Division Bolton Wanderers visit Borough Park for the first time ever this evening under the leadership of former Reds favourite Charlie Wright.

Goalkeeper Charlie spent five years with us between 1958 and 1963 making 123 Football League appearances in the process. He then moved on to Grimsby Town before cutting his managerial teeth with York City and Wanderers.

The two clubs have met before, however, in the F.A. Cup competition with Wanderers emerging 4-1 victors in a 3rd. Round tie on the 9th. January 1965. That particular match was played at Burnden Park with Davies (2), Butler, Hill and Jimmy Moran the men on target.

Internationals Eddie Hopkinson (England) and Wyn Davies (Wales) were in the Bolton side that day while a 14,743 attendance saw the following Reds team take the field :-

OWER, OGILVIE, LUMSDEN, HALE, BROWN, BURKINSHAW, LOWES, CARR, WATSON, MORAN, NAPIER.

Between 1907 and 1910 we met the Wanderers Reserves team in Lancashire Combination Division One football with the six games producing two victories, two defeats and two draws.

Wanderers, founder members of the Football League, have enjoyed an illustrious past and their roll of honour includes F.A. Cup Winners, Division Two Champions and Division Three Champions. Last season was a struggle, though, and the club had one of the worst away records in the League. They finished their programme in seventeenth position despite having twenty four defeats inflicted upon them.

The experience in the side has been boosted by the recruitment of David Cross and Asa Hartford who, between them, have played over a thousand Football League games. In contrast, Tony Caldwell and George Oghani have established themselves in the side having progressed via Horwich and Hyde United respectively.

FIXTURES

The Reds have already tasted pre-season action against county neighbours Carlisle United and Netherfield with matches against Penrith and Whitley Bay to follow. The season proper opens on 24th. August 1985 when we travel to play Bangor City with Gateshead travelling to Borough Park two days later.

JUNE
